

Premium Subsidy Application Plan Year 2013

Premium subsidies are available for household incomes up to 400% of the Federal Poverty Level effective for Plan Year 2013, which begins July 1, 2012. If your total household income is at or below the levels shown for your Household size in the following table, you may be eligible for a subsidy to reduce the premiums you pay. If you believe you qualify, complete this form and attach a copy of all 2011 Federal Income Tax Forms 1040 (pages 1-2), 1040A (pages 1-2), or 1040EZ (page 1) filed by members of your household.

Household size is the total number of people who lived with you in 2011 and is not the number of individuals on your AccessWV policy.

Household income is the total income of everyone who lived with you in 2011 and who was included in the total number of people determining household size. Income includes Social Security or Railroad Retirement benefits, Child Support, Disability, Veterans', and public assistance benefits. Some types of income are not reported on your income tax return, but must be included and copies of documentation provided.
